L510K	267	Confirmed Pregnant	09/23/24	CB Masterpiece 2051F(Ublack)					

As females are far enough along to be pregnancy tested, they are checked by ultrasound and status is posted.

"AI'd, but not confirmed", will be sold as having an AI service but are NOT guaranteed bred to the AI service.

"Pasture Exposed, but not confirmed" have been exposed to a herd bull but are NOT guaranteed bred.

We strongly recommend that ALL of the fall calving, "short-bred" females be turned in with a natural service bull.
